

MARCH 15, 2021

IN RE: Application of Blue Granite Water Company) ORDER APPROVING
for Approval of a Sewer Agreement between) AGREEMENT FOR
the Company and Shoals Landing, LLC) SEWER SERVICE

This matter comes before the Public Service Commission of South Carolina (“the Commission”) on the request for approval of a Wastewater Agreement (“the Agreement”) between Blue Granite Water Company (“Blue Granite” or “BGWC”) and Shoals Landing, LLC. Blue Granite holds a Certificate of Public Convenience and Necessity to provide wastewater services in its service areas in various counties in South Carolina from this Commission. BGWC submits that notice and hearing are not required under the circumstances of this case. Under the Agreement, BGWC would provide sewer service to Phase 1B of the Shoals Landing Development, which contains thirty-five (35) lots. Blue Granite asserts that it has sewer service available to serve this area.

As per the Agreement, the Shoals Landing property is projected to ultimately consist of one hundred and sixty (160) single family homes, having an estimated daily wastewater usage of 48,000 gpd when completed. The developer desires to develop the property in an undetermined number of phases. The current Agreement is limited to Phase 1B consisting of thirty-five (35) lots, having an estimated daily wastewater usage of 10,500 gpd when completed. Shoals Landing desires BGWC to provide wastewater utility service

within the property delineated as Phase 1B according to the terms and conditions of the Agreement. According to the Agreement, the property consisting of Phase 1B of the Shoals Landing Development is entirely within the Blue Granite service area in Lexington County, South Carolina.

S.C. Code Ann. Regs. 103-541 provides that:

no utility shall execute or enter into any agreement or contract with any person, firm, partnership or corporation or any agency of the Federal, State, or local government which would impact, pertain to, or effect said utility's fitness, willingness, or ability to provide sewerage service, including but not limited to the collection or treatment of said wastewater, without first submitting said contract in form to the commission and the ORS and obtaining approval of the commission.

S.C. Code Ann. Regs. 103-541 (2012). The South Carolina Office of Regulatory Staff ("ORS") has filed a letter with this Commission, stating that it had reviewed the Agreement in question and has determined that this filing complies with S.C. Code Ann. Regs. 103-541. We agree. Clearly, the Wastewater Agreement between BGWC and Shoals Landing, LLC pertains to Blue Granite's ability to provide sewerage service, in that the provision of such service to Phase 1B of Shoals Landing, LLC would create estimated new usage of 10,500 gpd when completed. BGWC agrees to provide the necessary sewer service in the Wastewater Agreement, whereas the Developer agrees to provide the facilities needed for provision of the service. The Agreement is consistent with the Regulation.

Blue Granite states that no notice or hearing is appropriate in this case for approval of the Agreement. First, the Agreement relates only to wastewater facilities and wastewater distribution facilities to serve the property, and no potable water facilities are included. Further, Blue Granite noted that the Agreement is not a "new rate, toll, rental, charge, or

classification or a new regulation” under S.C. Code Ann. Section 58-5-240 or a “new or changed schedule” under S.C. Code Ann. Section 58-5-260, and asserts that, accordingly, notice and hearing are not required. We agree with these assertions, and hold that notice and hearing are not required under the circumstances of this case.

Based on the matters mentioned herein, we make the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. Blue Granite Water Company holds a Certificate of Public Convenience and Necessity to provide wastewater services under the jurisdiction of the Public Service Commission of South Carolina.
2. Blue Granite Water Company and Shoals Landing, LLC have entered into a Wastewater Agreement for sewer service by Blue Granite in Phase 1B of the Shoals Landing development, which is an area included in Blue Granite’s service territory.
3. Phase 1B consists of thirty-five (35) lots in the Shoals Landing development.
4. Phase 1B would create estimated new usage of 10,500 gpd when completed.
5. Blue Granite desires to provide service to Phase 1B under the Agreement, in return for the provision of facilities to provide the service by Shoals Landing, LLC.
6. Blue Granite has sewer service available to serve Phase 1B of the Shoals Landing development.
7. BGWC will not provide potable water service to Phase 1B under the Agreement.

CONCLUSIONS OF LAW

1. The Wastewater Agreement is governed by S.C. Code Ann. Regs. 103-541.
2. The Wastewater Agreement is consistent with and in compliance with S. C. Code Ann. Regs. 103-541.
3. No Notice and Hearing are required for approval of the Wastewater Agreement, since wastewater facilities and wastewater distribution facilities are the only facilities addressed by the Agreement, and neither S.C. Code Ann. Section 58-5-240, nor S.C. Code Ann. Section 58-5-260 are applicable to the Agreement.
4. The Wastewater Agreement in question should be approved.

ORDERING CLAUSES

1. The Wastewater Agreement between Blue Granite Water Company and Shoals Landing, LLC for the provision of sewer service to Phase 1B of Shoals Landing development is hereby approved.
2. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Justin T. Williams, Chairman
Public Service Commission of
South Carolina
